## **English as an Additional Language (EAL) Policy**

**Accepted by:** Governing Body – February 2008

**Senior Leadership Team Lead Reviewer:** Anne Timney

**Review Cycle:** 3 Years

**Date for Review:** February 2011

“Students for whom English is an additional language have diverse needs in terms of support necessary in English language learning. Planning should take account of such factors as the student’s age, length of time in this country, previous educational experience and skills in other languages. Careful monitoring of each student’s progress in the acquisition of English Language skills and of subject knowledge and understanding will be necessary to confirm that no learning difficulties are present.

“ The ability of such students to take part in the National Curriculum may be ahead of their communication skills in English. Teachers should plan learning opportunities to help them develop their English and participate in all subjects.”
