The Data Protection Act 1998: How we use your information

In line with section 114 of the Education Act 2005, section 537A of the Education Act 1996 and section 83 of the Children Act 1989, the school holds the right to process personal data relating to pupils and their families at Hurworth School, and may also receive information regarding them from their previous school, LA and/or the DfE. We use this personal data to:

- Support our pupils' learning.
- Monitor and report on their progress.
- Provide appropriate pastoral care.
- Provide statutory services, e.g. assessment for free school meals eligibility.
- Protect and safeguard our pupils.
- Assess the quality of our services.

The personal data we collect includes contact details, national curriculum assessment results, attendance information, any exclusion information, data regarding their next school or educational institution, and personal characteristics such as ethnic group, any special educational needs and disabilities (SEND) they may have, and relevant medical information.

We are required to pass on certain personal information to our LA and the DfE. Our LA uses personal information about pupils to whom it provides its services, in order to carry out its statutory functions; this may include a SEND assessment, assessment for free school meals eligibility, the admissions process, or to provide information for support services. The LA also uses personal information to derive statistics which inform future decisions and assessments of the performance of the school.

The LA may also share information with other organisations where appropriate, and in accordance with the Data Protection Act 1998; this includes, but is not limited to, the following:

- Primary care trusts
- The police
- Providers of youth support services in the area
- Other LAs
- FE institutions

The DfE may also share pupil level personal data supplied to them with third parties, though this will only occur where it is a legal requirement and in compliance with the Data Protection Act 1998. Decisions regarding

whether the DfE releases this personal data to third parties are subject to a robust approval process, and are based on a detailed assessment of the person who is requesting the data, why it is required, the level and sensitivity of data requested, and the arrangements in place for storing the data. To gain access to pupil level personal data, requestors must comply with the terms and conditions surrounding the confidentiality and handling of data, security arrangements, and retention and use of data.

Once our pupils reach the age of 13, we are required by law to pass on certain information to Darlington Borough Council Youth Support Services, who are responsible for the education or training of 13- to 19-year-olds. We may also share specific personal data for pupils who are aged 16 and over with post-16 education and training providers, in order to secure appropriate services for them. The information provided includes addresses and dates of birth of all pupils and their parents, and any information necessary to support the services, e.g. school name, ethnicity or gender. *For pupils enrolling for post 14 qualifications, the Learning Records Service will give us the unique learner number (ULN) and may also give us details about your learning or qualifications.*

Parents are able to request that only their child's name, address and date of birth is passed to Darlington Borough Council Youth Support Services, by informing Mrs M Hall, School Manager. Once pupils reach 16-years-old, this right is transferred to them rather than their parents. For more information regarding services for young people, please visit our LA's website: <http://www.darlington.gov.uk/education-and-learning/click/>

We are also required to pass certain personal information to careers services once they reach the age of 16. The information accessible by careers services includes [<https://nationalcareersservice.direct.gov.uk/>

We will not pass on data about a pupil or their family to anyone outside the school without the individual's consent, or unless the law requires us to do so. If you would like to receive a copy of the information held about yourself, or about your child, please contact Mrs M Hall on 01325 720424.

If you are concerned that any information held about you or your family is incorrect or out-of-date, you are able to request that the data is amended. To do so, please contact Mrs M Hall on 01325 720424.

In line with the Data Protection Act 1998, the school will not hold personal data "for longer than is necessary for that purpose or those purposes". In order to ensure that the school is fully compliant with procedures within the local area, Hurworth School will liaise with the LA to clarify storage and retention arrangements for sensitive data. All data, including confidential and sensitive information, will be processed in accordance with the procedures outlined in the school's Data Protection Policy.

It should be noted that, if someone has a concern regarding the way in which the school is handling data, this concern should initially be raised with the school by contacting the Head Teacher and the school will strive to resolve this issue. Concerns can include those in relation to the security, accuracy or retention period of information, what information has been collected and what information has been disclosed.

If the school is unable to resolve the problem, anyone whose information is being processed has the right to raise the concern with the Information Commissioner's Office (ICO). This can be done by contacting the ICO helpline on 0303 123 1113 or using their [live chat service](#).
